#### **FOREWORD**

Embodied in these pages is a story-told by the students of Hampton High School. Here is a story, a photographic presentation of the major phases of school life at H. H. S. It brings to you both the formal and informal sides of student life in symbolic photographs. Here is a story, the essence of student life at Hampton High School in 1953, as nearly as it can be expressed in words and pictures.

These students are more than top honor graduates. They also take an active part in school events, their interest having extended beyond personal achievement to include activities in which they can help Hampton. Congratulations to these industrious workers. We appreciate this spirit and wish them the best of luck!

# JUNIORS-CLASS OF '54

THE JUNIOR CLASS has finally taken the last step toward that long-awaited time when they become high school seniors. They entered in September, 1951, and settled down to a year of hard work and adjustments to high school life. Following a summer of fun, they returned to the now familiar halls of H. H. S. with added responsibilities. The Junior Class, guiding the sophomores, working to give the seniors the kind of prom they deserve, and taking a greater part in all school activities, was kept busy and happy. They can sincerely feel that their junior year was an enjoyable chapter in their life at Hampton High School.

HAMPTON 21, E.C. GLASS 0...Opening the 1952 football season, the Hampton High Crabbers met powerful E.C. Glass of Lynchburg. Spearheaded by Miller, Seals, and Harding, the Crabbers rolled to an emphatic 21-0 decision over the Lynchburg eleven. With Royals and Vansant playing outstanding defensive ball the Crabtown eleven gave the fans a very good showing for their opening night game.

HAMPTON 35, BENEDICTINE 14... The fighting Crabbers made it two in a row by drubbing the hard playing Benedictine Cadets 35-14. Using its expected strong air attack very little, the Hamptonians, led by Seals, Miller, Blanks, scored on runs ranging from 1 to 74 yards. Harding kicked five straight conversions to boost his season total to eight straight.

HAMPTON 34, MAURY 7... Traveling to Norfolk for their third game the Crabbers routed the Maury High Commodores 34-7. With Seals accounting for 3 touchdowns, Miller and Bukovich 1 each, the Crabtown boys had a fairly easy night of it. Harding missed his first conversion of the year, but still turned in a thrilling performance, kicking 4 out of 5.

HAMPTON 6, THOMAS JEFFERSON 13... Returning home from their victory over Maury, the Hampton High eleven played host to Thomas Jefferson High of Richmond. The Crabbers, although giving a good account of themselves, couldn't quite pull it out of the fire and lost 13-6. With Seals scoring the lone Hampton touchdown the Crabbers turned in a good game for their first loss in eleven games.

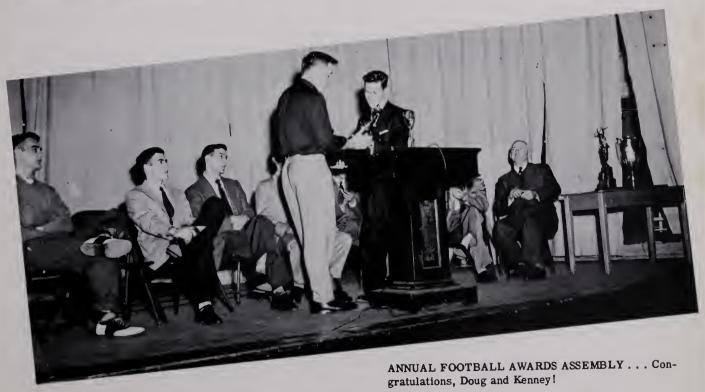

HAMPTON 14, JOHN MARSHALL 6... Rebounding from her 13-6 loss to T.J., the Hampton Crabbers smashed the Justices from John Marshall 14-6. Hampton, led by the outstanding play of Spencer Blanks and "Hump" Copeland, had the Richmond boys white washed until the final few minutes of play when a blocked punt set up the lone Justice touchdown.

(Continued to page 92)

Boy, you're after a man!!

HAMPTON 21, HERMITAGE 25... The Hampton High hopes for a state championship faded the night that Hermitage came to town. The Panthers played a fired-up brand of ball that would have given anybody's team a score. Miller and Cooper were the standouts for the Crabbers in the 25-21 loss to Hermitage.

(Continued to page 94)

These boys really got the honors! Hats off to our retiring co-captains, Kenny Seals and Douglas Royals.

You'd think he had wings !!

HAMPTON 34, WARWICK 0... With Leon Miller paving the way, the Hamptonians crushed the Farmers from Warwick 34-0. The Crabbers line smashed through time after time to kill the Warwick offensive attacks. Harding's 4 out of 5 placements helped to prove that the Easonite crew was a power for the rest of the state to contend with.

HAMPTON 13, THOMAS JEFFERSON 21 . . . With Thomas Jefferson using the "breaks of the game" the Crabbers lost their second game to the title bound Jeffs. The game, played on a muddy field, was one of the most exciting though Hampton lost 21-13.

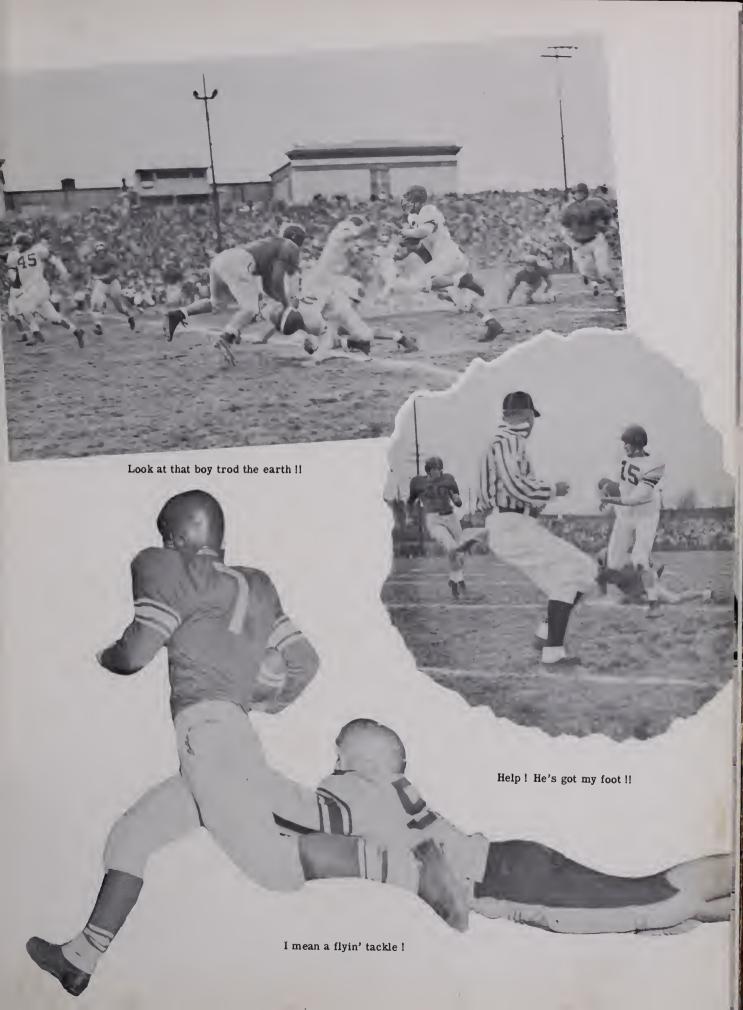

HAMPTON 14, NEWPORT NEWS 14... Turkey Day! The big game finally arrived with the Crabbers sporting a 5-3 record and the Golden Typhoon a 3-2 record. The Crabbers, led by seniors Cooper, Sherman, Stowe, Bowers, Nitso, Odell, Seals, Blanks, and Stickle, will long be remembered by the students of H.H.S. because of that thrilling game which ended in a 14-14 tie. There may be better teams to represent Hampton in the future, but certainly none will be able to put forth a more determined effort to win than the '52-'53 team. It never let up from the first whistle to the last, usually finishing on top.

That's it! Keep goin' Charlie!!

Give that boy a hand!

The basketball season opened with a bang for the Crabbers as they won two straight games. After dropping the next to Granby the Red and White took two more before losing to Newport News. Then came a stretch when the boys could win only two out of eleven. Friday, February 13, the Crabbers, led by captains Tommy Luckam and Joey Lawrence, started to get hot! They took Warwick 65-40, Craddock 64-39 and Benedictine 57-45.

# ...and you can get it!

Telephone work is interesting — and you don't need experience to get a good job after graduation!

That's one reason why so many girls head for the telephone company when they finish school. They know they'll earn good money from the start, even while they're trained, and get raises regularly.

Your high school counselor can tell you more about the many different telephone jobs — or come in and see us when you finish school!

#### **NEW HAMPTON**

Out of a rich and revered tradition New Hampton arises to assume an imposing position among the Commonwealth's 22 first class cities. The name Hampton is derived from the Earl of Southampton, and dates back to 1691. Combined with it in the new city, is Elizabeth City County, named in honor of Elizabeth, daughter of King James, the Oueen of Bohemia. The Assembly, which disliked its "heathen" name of Kiccowtan, renamed it in honor of Elizabeth in 1634, Consolidated Hampton now becomes the second largest city in the state; the sixth in population and eighth in taxable wealth.

Unlike the incorporation of Warwick, the transition of New Hampton to a first class city, involved not only the incorporation of the entire boundary of Elizabeth City County but its merging as well with the second class City of Hampton and the Town of Phoebus. The problem of consolidating three distinct political subdivisions was somewhat more complicated than was the case with Warwick's transition. However the primary reason was the same -- protection against annexation and preservation of the right of self-determination of local government.

The newly established Council chose William S. Coburn, former County Executive, an experienced administrative officer, as City Manager. Levin D. James, who had managed the former City of Hampton, with marked success, was also considered by the new Council for the chief administrative post. Mr. Coburn brings to the managerial position wide experience in local governmental administration. He is also a former

Highway Department resident engineer.

New Hampton's consolidation is the second in the history of the Commonwealth. It appears to have the wholehearted support of the vast majority of its citizens and is being perfected with a minimum of confusion and inconvenience.

Its abnormal growth in the past ten years is continuing at a pace that forebodes for it a shining place in the Commonwealth's sun of municipalities.

As was the case in Warwick it was primarily a people's movement. The proposal had the unanimous endorsement of the Elizabeth City County administration and the majority of the town administration, but was opposed by the administration of former Hampton. The plan of consolidation admittedly gave priority to political expediency and economy where there was conflict with preferred governmental procedure. Its primary purpose was not for the removal of elected, or appointed officeholders, but to effect a merger of governments. The constitutional officers of the county were retained but provision was made to retain the elected officers in former Hampton and Phoebus as assistant treasurers and commissioners of the revenue with the authority of deputies. Provision also was made to combine the school boards of the three and to designate the persons holding the position of mayor of Hampton and Phoebus at the moment of consolidation as a member of the Council for the new city. The other three members of the council, who will serve until 1954, were the three former members of the Board of Supervisors.

# CITY OF HAMPTON

Future members of council will be elected from four wards of the city, known as boroughs, and one will be elected in the city at large.

The four boroughs in the city are the former magisterial districts of Wythe and Chesapeake and the former City of Hampton and Town of Phoebus. Wythe Borough has a population of about ten times that of Phoebus Borough and this unequal division, admittedly designed for political expediency with the announced purpose of subsequently rearranging the boroughs with regard to population, was bitterly attacked both prior and subsequent to the consolidation. The boroughs serve as election districts or wards and were designed in part to retain the identity of the former divisions and post offices.

As heretofore mentioned, the incorporation produced some perplexing practical problems, not the least of which was the necessity of providing two elective officers for the new city -- a treasurer and a commissioner of the revenue. Warwick's county manager form had eliminated these two officers. When the city came into being July 16th, therefore there were two constitutional offices vacant. Warwick disposed of the problem neatly. The Judge of the Circuit Court filled the two vacant offices in the newly born city by appointing two employes of the department of finance as commissioner of revenue and treasurer. They were W. C. Andrews, Jr., and C. B. Covington, Jr. Both were in thorough accord with the transition move, and both admittedly anxious to cooperate in Warwick's new political undertaking. As to the efficiency of form of government, it was quite generally conceded that Warwick was taking a partial backward step by incorporating, but the vast majority agreed that even this concession was worth saving its identity and right of self-determination of government.
